## FACILITIES

**Less than 15 mins away, the Lac d'Orient residential complex offers:**

- 30 rooms (75 beds) including 2 rooms accessible to those with reduced mobility
- Rooms all equipped with bathroom facilities (shower and toilets), wifi
- A relaxation area
- A 200-cover catering area (self-service) and table service in an independent room
- 2 meeting rooms (30 seats), 1 meeting room (50 seats), equipped with audiovisual technology
- A Multisports Hall (1,000 m<sup>2</sup>) for athletics training

## An unspoilt area dedicated exclusively to the sports of rowing and flatwater canoeing/kayaking

The center is located at the heart of a 4,500-hectare natural park with lakes and forest. The amenities meet all requirements in terms of comfort, both for overnight stays and sports practice. Mathaux water sports center is an ideal training camp. All the facilities are wheelchair-accessible, including access to the boat area. Everything has been designed for optimal, high-level practice. The pontoon is designed to enable the crafts to enter the water quickly and easily. The parking and maneuvering areas are specially adapted. The vast external technical areas include a rinsing station. Inside the building, there are ultra-modern locker rooms and restrooms, a large meeting room and a catering area. A storage area completed the indoor space.

## An ideal training venue

The best section of the lake features a 2,000 m straight line (150 m wide and 4 to 8 m deep according to the season), which offers a dedicated space with no access for other boats and sheltered from dominant winds by the forest, allowing you to train in optimal conditions.
