## DISCIPLINE

BREAKING

The André Père indoor sports complex (Cosec) is situated at the heart of the Henri Terré sports center and the Aube Sports Center.

It features a hall with brand-new sports flooring and locker rooms designed for athletes' comfort.

The hall has hosted several national and international events. It also has large parking spaces for coaches and cars.

### A hall dedicated to breaking

Breaking has been established in the Aube for over twenty years. It is therefore only natural that this hall be entirely dedicated to the discipline today.

Recently, we hosted Team France for a camp and the city of Troyes was the setting for the semi-finals of the French championship.

The Cosec also features a gymnastics hall, a perfect technical training addition for high-level B-Boys and B-Girls.
